

**ENTRY LEVEL OPERATIONAL
PLANNING AND ECONOMIC ANALYSIS CONSULTANT**

JACOBS CONSULTANCY, an internationally recognized transportation consulting firm based in Burlingame, California, is seeking highly motivated individuals to work as part of our Federal Practice within the Operational Planning and Economic Analysis Business Unit. JACOBS CONSULTANCY looks for outstanding candidates with strong credentials, and a passion for client service, who enjoy working as part of a team on cutting-edge projects for U.S. Federal clients. This position is based in our Chantilly, Virginia office. For more information on JACOBS CONSULTANCY, please visit our website at <http://www.jacobs-consultancy.com>.

We are seeking self-motivated professionals with:

- (1) A bachelor's degree required, graduate preferred, in one or more of the following fields: transportation; industrial and operations research; management science; computer science; or a related field
- (2) An excellent academic record
- (3) Strong analytical, interpersonal, writing, and verbal communication skills.

Individuals with a background in simulation modeling, statistics, databases and Excel macros would have an advantage. Ability to pass U.S. Federal Government security vetting. Proof of U.S. Citizenship or U.S. Green Card is required for this position.

Roles may include process modeling, decision analysis, program justification and life-cycle cost modeling, risk analysis, and technology evaluation.

JACOBS CONSULTANCY offers a highly competitive compensation and benefits package and the opportunity to work side-by-side with recognized industry-leading professionals, all looking to create a firm without limits to creativity and professional growth. JACOBS CONSULTANCY is an equal opportunity employer—all qualified candidates are encouraged to apply.
