

**ENTRY LEVEL OPERATIONAL PLANNING AND  
ECONOMIC ANALYSIS CONSULTANT**

JACOBS CONSULTANCY, an internationally recognized aviation consulting firm based in Burlingame, California with over 60 years of service to aviation management, is seeking highly motivated individuals to work as Operational Planning and Economic Analysis Consultants in our main office in Burlingame, California. JACOBS CONSULTANCY looks for outstanding candidates with strong credentials, and a passion for client service, who enjoy working as part of a team on cutting-edge projects for U.S. and international clients. For more information on JACOBS CONSULTANCY, please visit our website at <http://www.jacobs-consultancy.com>.

We are seeking self-motivated professionals with:

- (1) A graduate degree in one or more of the following fields: transportation engineering; industrial engineering and operations research; management science and engineering; computer science; or a related field
- (2) An excellent academic record
- (3) Strong analytical, interpersonal, writing, and verbal communication skills.

Individuals with a background in simulation modeling, statistics, databases and Excel macros would have an advantage.

Roles may include airport terminal operational analysis, runway and gating assessments, simulation of passenger and baggage flows, airfield/airspace simulation, life-cycle cost modeling, risk analysis, and market share analyses.

JACOBS CONSULTANCY offers a highly competitive compensation and benefits package and the opportunity to work side-by-side with recognized industry-leading professionals, all looking to create a firm without limits to creativity and professional growth. JACOBS CONSULTANCY is an equal opportunity employer—all qualified candidates are encouraged to apply.
